Dear colleagues,

We invite PhD students of the Doctoral School of Quantitative and Natural Sciences and Interdisciplinary Doctoral School of Agricultural Sciences, conducting research in the field of agricultural sciences, but also young scientists from other research centres conducting studies in the field of exact or natural sciences, whose objects of interest are elements of the agricultural environment. The fourth edition of the Workshops for Young Researchers will be organized stationary at the Institute of Agrophysics of the Polish Academy of Sciences in Lublin, but we also provide for the possibility of online participation in this event. Participants are asked to prepare a short 15-minute presentation, in a form that will highlight the importance of research in the light of scientific problems, and in particular modern agriculture. A detailed program will soon be available on the Workshop's website <https://www.mlodzibadacze.edu.pl>. Registration starts on October 14 and ends on October 26, 2024. The number of places is limited.

We look forward to meeting you at the Workshop for Young Researchers on November 18, 2024.

Yours faithfully,

*dr hab. Artur Nosalewicz, prof. Institute
