6th WORKSHOPS FOR YOUNG RESEARCHERS
6. *Warsztaty dla Młodych Badaczy 2026*

The workshops aim to enhance the scientific skills of early-career scientists, strengthen their ability to present research results, foster networking among young researchers, and integrate scientific communities from various research institutions.

We invite PhD students from the Doctoral School of Quantitative and Natural Sciences and the Interdisciplinary Doctoral School of Agricultural Sciences, as well as young researchers from other universities and research institutes working in the fields of exact or natural sciences, with a focus on the agricultural environment.

Date: November 17, 2026
Theme: Interdisciplinary Research on Elements of Agricultural Environment
Format: in-person with the option of online participation in exceptional circumstances
Participation: free (limited number of places)
Language: English

Registration: 14.10-01.11.2026.
Abstracts must be prepared in English using the provided template and must not exceed two B5 pages. Please submit your abstract to: a.pacek-bieniek@ipan.lublin.pl

Organisers:

- Institute of Agrophysics, Polish Academy of Sciences

INSTITUTE OF AGROPHYSICS PAS

- Polish Academy of Sciences, Lublin Branch

PAN POLISH ACADEMY OF SCIENCES | Lublin Branch

Co-organisers:

- Doctoral School of Quantitative and Natural Sciences
- Interdisciplinary Doctoral School of Agricultural Sciences

Project co-financed by the Polish Academy of Sciences under the 'MOST PAN' grant scheme
The 6th Workshops for Young Researchers 2026 is also co-organised with the support of the Polish Academy of Sciences as part of its Science Dissemination and Promotion Activities programme (UiPDN PAN).

PAN POLISH ACADEMY OF SCIENCES

MOST PAN

Dear Colleagues,

We are pleased to invite you to the **6th edition of the Workshops for Young Researchers**, which will be held on **November 17, 2026**, at the Institute of Agrophysics, Polish Academy of Sciences in Lublin, with the option of online participation in extraordinary cases.

The event is dedicated to PhD students and young scientists working in agricultural, exact, or natural sciences with research interests related to agricultural environment. Participants are invited to deliver a 15-minute presentation (including discussion) highlighting the significance of their research in addressing key scientific challenges, particularly those relevant to modern agriculture and the broader environment in which we live.

A detailed programme will be available soon at www.mlodzibadacze.edu.pl

Registration is open from October 14 to November 1, 2026. Please note that the number of participants is limited.

We are pleased to welcome three invited speakers from international research institutions:

- **Dr Tsvetina Nikolaeva Ilieva-Paparkova** – "Nikola Poushkarov" - Agricultural Academy, Bulgaria
- **Dr Víctor Rolo** – University of Extremadura, Spain
- **Dr María Vivas** – University of Extremadura, Spain

We look forward to welcoming you in Lublin!

Yours sincerely,
dr hab. Artur Nosalewicz, prof. IA PAS
Organising Committee of Workshops for Young Researchers

Scientific Committee:

- dr hab. Aneta Andronowska, prof. IARFR PAS
- dr hab. Artur Nosalewicz, prof. IA PAS
- dr hab. Aleksandra Szcześ, prof. UMCS
- prof. dr hab. Artur Zdunek, Corresponding Member of PAS

Organising Committee:

- Artur Nosalewicz
- Agata Pacek-Bieniek
- Jarosław Zdunek

Thanks to the support of the Polish Academy of Sciences under the MOST PAN programme, the 6th Workshops for Young Researchers 2026 will have an international character.

In addition to the invited speakers, we plan to welcome **seven more international participants**, bringing together researchers from different scientific institutions and countries.

The workshops will provide an opportunity to exchange scientific knowledge, share research experiences, establish new international contacts and develop future research collaborations.
